To Whom It May Concern

I am writing to recommend **Cyril Daniel Gordon** as a Brother in Christ.

From my first meeting with Cyril I sensed his genuine spirit and evangelistic drive to serve our God. In his ministry to this congregation he demonstrated a warmth of spirit and interest in encouraging the believers while presenting his story of Christ reaching out to him. He was knowledgeable of his Jewish heritage and related well to the congregation and their curiosity regarding that heritage. He was interested in knowing how he could best minister to this congregation and followed by suggestions regarding content and time frame for his presentation. The response of the congregation was very positive to his ministry with us.

I would heartily recommend him and his ministry to you.
